RE: Closed Captioning

To Whom It May Concern:

Greetings! Allow me to briefly introduce myself, I am Dr. Thomas Paul Williams, Pastor and Founder of Agape Storge Christian Center. Agape is a chartered church that has been in existence for twenty years now. Our mission is to spread the gospel to everyone everywhere through every available resource. We do this because we believe that it is God's will for the lives of all people to be changed by the powerful living Word of God.

Since we began airing our weekly television broadcast, "Faith for Living", we have received innumerable responses from within our community and abroad with respect to the effectiveness of the program. People of all races, ethnic backgrounds and social status have called, corresponded, and emailed us to inform us of its positive impact. By this, we know that God is using our ministry in a mighty way to affect many.

Sometime in July 2006, we were informed that we needed to request exemption from closed captioning charges during a meeting with our local television representative. Although we realize the great need for closed captioning and the reasonable expense for such a service, your consideration with regard to our exemption from payment for this service for our television broadcast would be greatly appreciated. We look forward to a favorable reply.

Thank you in advance for your contribution to furthering the gospel and May all His best be yours!

Sincerely,

Dr. Thomas Paul Williams  
ASCC Pastor and Founder
